Lightweight Plastic Bags									
Heavyweight Plastic Bags									
Fruit & Veggie Produce Bags									
Microbeads									
Cotton Bud Sticks									
Balloon Sticks/ties									
EPS Food Trays (eg. meat, fresh produce)									

## FEDERAL BANS

Australia's Environment Ministers have determined eight priority plastics to phase out nationally by 2025. These are lightweight plastic bags; plastic products misleadingly termed as 'degradable'; plastic straws; plastic utensils and stirrers; expanded polystyrene (EPS) consumer food containers; EPS consumer goods packaging (loose fill and moulded); and microbeads in personal health care products. Furthermore, The Commonwealth Government has also committed to oversee a phase out of PVC packaging labels by December 2022. Lastly, some jurisdictions are also banning other plastics such as balloon sticks, balloon ties, and pre-packaged cutlery/ straws (i.e. on juice boxes). Helium balloon releases have also been formally banned in QLD, VIC & WA.
